How to Use the 3 Day Demonstration

Dear Parents,

Here's a guide on how to utilize the 3 Day Demonstration with our math addition workbook:

Day 1: Begin with Page 17 to assess your child's current solving speed. Then, move on to Page 5.

Day 2: Engage your child with Page 6 and Page 7.

Day 3: Start with Page 8. Then, for the speed test, flip to Page 18 to gauge your child's improved speed-solving abilities.

After completing the first and second speed tests, compare the results. Has there been any improvement?

We'd love to hear about your child's progress! Please share your observations via the contact form on the ValentinsBestChoice.com website contact page.

Thank you for your participation in your child's learning journey.

Best regards,
Valentin
